

ENVIRONMENT POLICY.

Westfield Electronics (a division of Westfield Distribution Limited) is committed to on-going environmental improvements and the prevention of pollution. To achieve these commitments we have established the following environmental objectives.

1. To comply with environmental legislation and regulations, and continually review how our activities impact on the environment, changing legislation and best practice where necessary.
2. To deal with suppliers who are environmentally responsible in their business activities and who are committed to continued improvements for the benefit of the environment.
3. To reduce energy consumption.
4. To encourage the use of recycling wherever possible.
5. To reduce waste and ensure that it is disposed of in accordance with current legislation and does no harm to the environment.
6. To encourage staff participation in measures to promote and improve environmental issues.
